THE WORLD'S MOST INTELLIGENT STORAGE

For mission-critical apps[1]
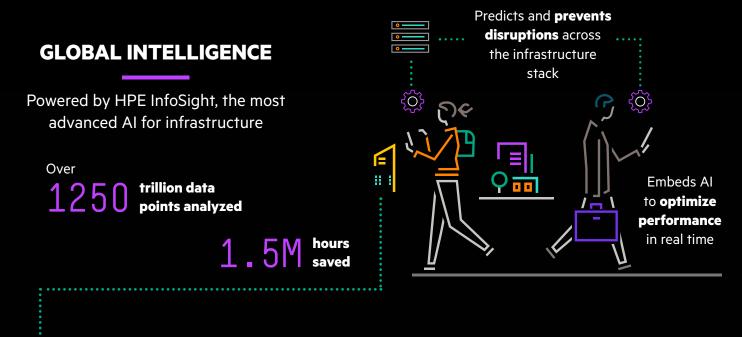

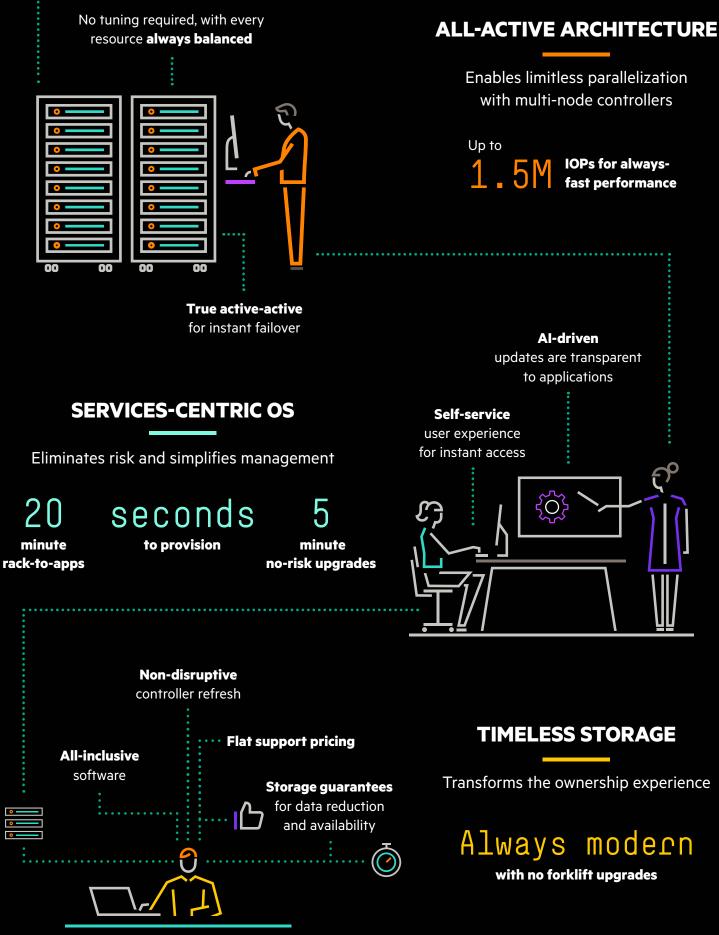

HPE PRIMERA

Extreme resiliency and performance with the agility of the cloud

> "HPE is **melding the simplicity** of Nimble Storage, the mission-critical heritage of 3PAR, and the intelligence of InfoSight into a single high performance, highly available, and highly scalable large enterprise storage solution."[2]
>
> **IDC**

GLOBAL INTELLIGENCE

Powered by HPE InfoSight, the most advanced AI for infrastructure

Over
1250 **trillion data points analyzed**

1.5M **hours saved**

Predicts and **prevents disruptions** across the infrastructure stack

Embeds AI to **optimize performance** in real time

No tuning required, with every resource **always balanced**

ALL-ACTIVE ARCHITECTURE

Enables limitless parallelization with multi-node controllers

Up to
1.5M **IOPs for always-fast performance**

True active-active for instant failover

AI-driven updates are transparent to applications

SERVICES-CENTRIC OS

Eliminates risk and simplifies management

20 minute rack-to-apps

seconds to provision

5 minute no-risk upgrades

Self-service user experience for instant access

Non-disruptive controller refresh

Flat support pricing

All-inclusive software

Storage guarantees for data reduction and availability

TIMELESS STORAGE

Transforms the ownership experience

Always modern

with no forklift upgrades

> "HPE Primera is a **modern high-end platform** that brings the cloud experience on-premise while delivering the performance, availability, and scalability needed for mission-critical workloads."[2]
>
> **IDC**

INNOVATE WITHOUT COMPROMISE

On-demand experience	App-aware resiliency	Predictive acceleration
93% time savings	**100%** availability guaranteed	**122%** faster performance
